Dear Friends of City Honors and Fosdick-Masten Park,

Offering a world-class education with the resources needed to succeed is the forefront of what makes City Honors School (CHS) one of the top public schools in the country. Our faculty and staff deliver a challenging and rigorous educational environment, integrated with a variety of co-curricular activities, enabling our students to explore interests, develop skills and build a robust portfolio as they embark on the next steps of their academic journey. As an active City Honors community member, you are already aware of the positive impact City Honors School has on the development and growth of our students.

By advancing their intellect and empowering our students with empathy and compassion, while building cultural competencies, we are preparing them to lead and innovate in our global world. CHS students excel in their classrooms and in their communities, building pride in what it means to be a City Honors Centaur.

Making a gift to the City Honors School Annual Fund aids in bridging the gap between the increasing costs of a high-quality learning environment and the uncertain funds from the State and our district. Your investment helps to ensure the learning experience and future of all students at our school is not compromised by a lack of funds. Monies raised through donations allows City Honors to provide exemplary enrichment to the overall academic experience for every student. Through the years, annual fund gifts have supported student activities such as Chemistry Club, Key Club and Model UN; athletic costs for teams such as basketball, girls rugby and crew; and infrastructure and campus enhancements such as, student planners for every CHS student and support to the International Baccalaureate Program (take a peek at the 2018-19 Annual Report for a complete list of investments.)

At the heart of any institution is the educational and life experiences offered to its students. Your gift to the City Honors Annual Fund will positively impact the programmatic support our students receive. Invest in the “School on the Hill” and make a gift today! Simply complete the enclosed reply envelope or visit cityhonors.org.

Our board of directors is grateful for your consideration and generosity.

Sincerely,

Elissa Banas
President
Board of Directors

William Kresse, Ph.D.
