

Cardinal Craze Week Hallway Decorating Information and Rules

Please Read Carefully!!!!

- Social Studies Classes at each grade level will visit their class hallway once during the week to decorate.
Monday 3/14: Grades 10, 5
Tuesday 3/15: Grades 12, 6
Wednesday 3/16: Grades 11, 8
Thursday 3/17: Grades 9, 7

This system was devised to disperse the amount of students who will be in hallways over the course of the week and ensure they have adult supervision. Social studies teachers have the flexibility to change their day but should not go on a day when a nearby hallway is being decorated. Students must be accompanied by their social studies teachers during this period and should keep their voice levels low as classes are taking place around them. Groups that are too loud will be asked to return to their classrooms.

- **No students under any circumstances, at any time, should be decorating hallways without an adult supervisor.**
- Class hallway locations have been labeled and all teachers were sent a map identifying the class hallways.
- Judging by a faculty panel will take place on Thursday after school. On Friday, all grades should clean their hallways. The faculty panel will return after school on Friday to judge cleanup. Remember, there are as many points awarded for clean-up as there are decorating so be sure you do a good job on clean-up and follow the rules below for both decorating and clean-up.
- **Do's and Don'ts of hallway decorating (classes that do not adhere to these rules will reductions in their scoring or be disqualified)**

DON'T

- Use balloons. We learned the hard way that balloons do not last through the week and that balloons inevitably pop and can be jarring for certain staff and students because they rekindle traumatic experiences or can be mistaken for other sounds. Please no balloons!
- Use any tape except painter's tape. Supplies available in the main office.
- Use ladders
- Decorate fire extinguishers, doors, fire light strobes, or cover/decorate exit signs
- Cover glass on emergency doors
- Use any permanent paint or any glue
- Use decorations that will move and set off the security motion detectors at night.
- Paint any windows except in the skybridges. Window paint in the skybridges must be designed for use on windows and designed to be temporary. Do not cover large areas with this window paint. Remember, you must clean up whatever you put up.
- Tear displays and tape off the wall when removing decorations. Even painter's tape will pull paint off the wall if torn off quickly.
- Cover large surface areas with painter's tape.
- Touch the decorations of other classes. Students caught on camera doing this will see their classes' point total significantly reduced.

DO

- Use your class color when decorating
- Design displays that are creative, positive and appropriate to a school environment.
- Create displays that show pride in your class and pride in CHS!
- Be respectful of the decorating of other classes.
- Clean up after yourselves while decorating
- Keep your voices low when decorating.
- Take care of our historic and beautiful building
