

CHS  
PARENT SURVEY  
DECEMBER 2013

Dear CHS Families,

Your partnership in developing a nurturing environment for our children while reaching the academic goals of our school is very important. Please take a moment to complete the survey below and send it back to the school’s main office in an envelope addressed to the “CHS Parent Facilitator.” I will use this information in collaboration with PTSCO and our School Based Management Team to refine our efforts to serve our school community. Thank you for your continued support.
