CHS Parent:

I am writing to let you know that your child's IB Biology teacher, Mrs. Ologge, will be on maternity leave starting March 27th. Today is her final day with us.

Mr. Indaka Thudellage will be serving as the temporary IB Biology teacher in Mrs. Ologge's absence. Mr. Thudellage has an undergraduate degree in Biology and Chemistry as well as a Masters degree in 7-12 biology education. During the past few years he has been teaching anatomy and physiology at Medaille College. Mr. Thudellage has done some team teaching at Riverside as a part of a BPS/Medaille collaboration and actually did his teaching certification observation hours in IB Biology classes at City Honors in 2010.

Mr. Thudellage has been observing Mrs. Ologge for the past week and the two teachers have been communicating over the past few weeks to prepare for a smooth transition. Mr. Thudellage begins working full-time with our students this morning.

We are excited to extend our congratulations to Mrs. Ologge and her husband and welcome Mr. Thudellage to The Hilltop!

Sincerely,

William A. Kresse, Ph.D.
Principal
