Backpacks are only going to be used to carry belongings to and from school. The students will not be allowed to use them throughout the school day. Instead, we are allowing a small messenger bag to be carried to and from classes that can fit their laptops, a few folders, etc. We see this as a way to keep the students more organized by only carrying around the items that are necessary for classes they are going to. This bag is completely optional. Students are welcome to carry their supplies in their hands from class to class!
