

National Fuel®

WE ARE HIRING **11th Graders**

Includes a full-time job opportunity with National Fuel after high school graduation and successful completion of this six-week program!

UTILITY TECHNICIAN INTERNSHIP PROGRAM (UTIP)

Apply today and earn up to \$4,000 over the course of the program!

Standard hours: Monday - Friday: 8am - 4:30pm (July 8, 2026 -August 14, 2026)

Location: 365 Mineral Spring Road | Buffalo, NY 14210

- Participation in this fully on-site Utility Technician Internship the summer after completing your junior year of high school includes attending classroom training to be tested on materials and learn how to read residential and commercial gas meters.
- Must be able to work outdoors extensively in all types of weather, encounter dogs, and walk for long distances. May be given exposure on how to handle customer inquiries and how collection work is performed.
- Trained on how to identify and report meter irregularities and report safety hazards.
- Exposed to different job opportunities within the Operations department – Gas Mechanic, Serviceperson, Gas Measurement & Regulator Technician, Corrosion Technician, and several other key roles.
- **Valid working papers are required. Successful completion of a pre-employment background check and drug test is required.** You will be required to pass a DOT-mandated drug test, as well as participate in random drug testing. The DOT mandates a list of banned substances, which includes medical or recreational marijuana. This would also include CBD-infused products.

Have what we're looking for? Apply today! To apply, scan the QR code or visit <https://forms.office.com/r/p4pvbqMKyK>

Applications must be submitted no later than March 6, 2026 and will be reviewed starting March 18, 2026.
